Subject: W52P1J-09-R-0065, Kuwait Base Operations and Security Support Services (K-BOSSS)

Dear _____

The Army Contracting Command, Rock Island Contracting Center, has completed the evaluation of proposals submitted in response to subject solicitation and has awarded one contract.

We regret to inform you that after careful consideration, it was determined that your proposal did not offer the best value to the Government. Our decision was based on evaluations made using non-price factors and price, as established in Section M of the solicitation.

In accordance with FAR 15.503, the following information is provided:

1. The competition was unrestricted. The internet was used to invite firms to participate in the solicitation.
2. The Government received five timely proposals in response to the solicitation, and one late proposal. Of the five evaluated proposals, one proposal was eliminated from the competitive range.
3. The award was made in conformance with the award criteria contained in the solicitation. The determination of contract award was based on the overall best value to the Government among the four offers in the competitive range.

4. In accordance with the intent of the solicitation, one award has been made. The following Offeror submitted the overall best value and was therefore awarded the K-BOSSS contract:

ITT Federal Services International Corporation
655 Space Center Drive
Colorado Springs, CO 80915-3604

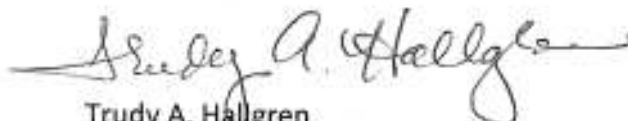

If you wish to receive a post award debriefing, you must submit a written request to the undersigned for either an oral or written debriefing within three days after receipt of this notice. Should an oral debriefing be requested, a date of 6 October 2010 has been identified. Absent the receipt of a timely written request, the Government is not obligated to provide a debriefing.

I truly appreciate your interest in this procurement and hope to work with your firm on future endeavors.

Request your acknowledgement of receipt of this letter via email.
